Alphascript Publishing. Taschenbuch. Book Condition: Neu. Neuware - The K5 Blazer was the smallest full size SUV version of the General Motors C/K Trucks family. Introduced to the Chevrolet line in 1969, the full-size Blazer was replaced in 1995 by the Chevrolet Tahoe. In 1970, GMC introduced its own model of the truck, called the Jimmy, which lasted until the 1992 GMC Yukon. Both were based on the short wheelbase trucks and were available with either rear-wheel drive or four-wheel drive. The Blazer's long wheelbase relative (with an integrated rear body, and doors for 2nd row passengers) is known as the Chevrolet Suburban. The K5 Blazer and Jimmy had 'full convertible' removable tops until 1976. In 1976 GM introduced a half-cab design that was less prone to leaks and slightly safer in a roll-over. These half cabs are convertible starting at a few inches behind the driver/passenger doors all the way back to the tailgate. In 1992 the Blazer was redesigned completely and no longer had a removable top. Smaller models, the S-10 Blazer and S-15 Jimmy, were introduced alongside these trucks in 1983. 148 pp. Englisch.
