By Bart Baesens, Aimee Backiel, Seppe Vanden Broucke, Michael Ernest

John Wiley & Sons Inc. Paperback. Book Condition: new. BRAND NEW, Beginning Java Programming: The Object Oriented Approach, Bart Baesens, Aimee Backiel, Seppe Vanden Broucke, Michael Ernest, A comprehensive Java guide, with samples, exercises, case studies, and step-by-step instruction Beginning Java Programming: The Object Oriented Approach is a straightforward resource for getting started with one of the world's most enduringly popular programming languages. Based on classes taught by the authors, the book starts with the basics and gradually builds into more advanced concepts. The approach utilizes an integrated development environment that allows readers to immediately apply what they learn, and includes step-by-step instruction with plenty of sample programs. Each chapter contains exercises based on real-world business and educational scenarios, and the final chapter uses case studies to combine several concepts and put readers' new skills to the test. Beginning Java Programming: The Object Oriented Approach provides both the information and the tools beginners need to develop Java skills, from the general concepts of object-oriented programming. Learn to: * Understand the Java language and object-oriented concept implementation * Use Java to access and manipulate external data * Make applications accessible to users with GUIs * Streamline workflow with object-oriented patterns The book is geared...
