### ***Reviews***

*An exceptional publication as well as the font employed was exciting to see. it was actually writtern extremely flawlessly and helpful. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

*(Dominic Collins)*

## LOVELY, LONELY LIFE

Xlibris Corporation. Hardcover. Book Condition: New. Hardcover. 202 pages. Dimensions: 9.0in. x 6.0in. x 0.6in. These journal entries comprise two volumes of selections (1973-1982, 1983-2003). Volume I includes an Introduction and some biographical memories. As Stephane Mallarme considered literature the antithesis of journalism, a journal is often the antithesis of a diary. It is of less interest to record moods and events, or barriers to self-realization, than to have ideas and insights about these. As a journal-keeper, I am generally disinterested in diurnal details, unless these form the compost of deeper exploration or revelation, seeking insight into my condition, not simply its description. A journal, therefore, is often more complex and difficult than a diary, far less personal in depictions of daily fortune, using everyday experiences as a stepstool (at the least) to peer beyond the walls of psychological enclosure. I did not choose the journal form to mask the personal, to belittle or avoid it, but to reflect my most intimate assessment of the personal as contributing to something greater: comprehension. It is not enough merely to record the frustrations, joys or barriers of living, without appraising these for what they represent and suggest, where we learn not merely reiterate. The ideal criteria of selection and discrimination apply not only to ones journal, but to life as well, adding a mythological drama and perspective that immersion alone does not permit. In some ways, journalizing is similar in impulse to the pastoral ethos or motif familiar in contemplative writing from Virgil to Thoreau: one withdraws from active society, toward natural or rural settings, in search of some form of respite, then returns to tell of their discoveries. Some critics have seen this as the organizing design of most North American fables--in fact, as the American mythology, seeking to heal the serious...
