*Comprehensive guide! Its this type of very good read through. It is actually written in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.*

Not illustrated. 1897 Excerpt: . . . in the use of the needle, with the understanding that she should do much of the family sewing formerly done in the school. It has been decided to keep Loretta Simms, the lame girl, at the industrial school at Scotia Seminary, Forth Carolina, a year longer, H. Doc. 7, pt. 1 27 that she may return fully competent to either assist or take charge of the sewing entirely. Carpentry was carried on at the home during the summer most successfully. There are many specimens of the work which are shown with pride. No plans have yet been formed for continuing this branch the year round. We still have with us the wards of the Board of Childrens Guardians. During the summer a closet was built in the yard, of brick, in a substantial manner and on an improved plan, which is more desirable and healthful than the one used for some years in the basement. The coal vault in the front of the house, which could never be used on account of standing water in it, has been drained and cemented. It now answers the purpose for which it was built, and relieves a tine large room in the basement, which is used for carpentry, shoemaking, and an assembly room when the family meet to play games. The Sunday school is continued under the improved arrangement mentioned in last report. The older children on Sunday mornings are taken to a church service in the city, thus...
