

Trigonometry

By Cynthia Young

John Wiley Sons Inc, United States, 2011. Loose-leaf. Book Condition: New. 3rd. 254 x 201 mm. Language: English . Brand New Book. This text is an unbound, binder-ready edition. The 3rd edition of Cynthia Young s Trigonometry brings together all the elements that have allowed instructors and learners to successfully bridge the gap between classroom instruction and independent homework by overcoming common learning barriers and building confidence in students ability to do mathematics. Written in a clear, single voice that speaks to students and mirrors how instructors communicate in lecture, Young s hallmark pedagogy enables students to become independent, successful learners. Varied exercise types and modeling projects keep the learning fresh and motivating. Young continues her tradition of fostering a love for succeeding in mathematics by introducing inquiry-based learning projects in this edition, providing learners an opportunity to master the material with more freedom while reinforcing mathematical skills and intuition. The seamless integration of Cynthia Young s Trigonometry 3rd edition with WileyPLUS, a research-based, online environment for effective teaching and learning, continues Young s vision of building student confidence in mathematics because it takes the guesswork out of studying by providing them with a clear roadmap: what to do, how...
