

## The Euro and the UK - The Political Economy

Filesize: 4.12 MB

### ***Reviews***

*This pdf is indeed gripping and interesting. It is definitely simplistic but shocks within the 50 percent of your book. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

FORUMPRESS, United Kingdom, 2010. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The recent UK election rhetoric, together with the problems in the Euro-zone instigated by the Greek debt crisis, suggest that the possibility of the UK adopting the Euro has been effectively buried, at least for a decade. This study takes a different view and argues that, from the view of political economy, the geo-economic case - which has never been fully argued in the UK - is stronger than ever. The pamphlet argues that the conventional arguments against and for the adoption of the Euro reflect a UK-centric or Euro-centric approach that misses the point that we live in a globalising political economy. The UK is simply not large enough to be other than a part of an economically integrated Euro-zone. The Euro is a global currency, the Pound is not. In a referendum, this is the case to be made to the British people, rather than abstract and misleading technical economic and hackneyed political arguments.
