For three friends, Sleepersville High School was already strange enough. Sarah, the mayors daughter, wanted to be anything but the most popular girl in school. Blake, the science geek, was spending his time trying to get Sarah to notice him. And Holly, Blakes best friend, was trying to get over the mysterious disappearance of not one, but two people close to her. Sleepersville has always had its bizarre secrets. No one really ever believed in the UFO sightings, abduction stories or government agents who secretly patrolled the town. But when John, a shape-shifting alien crashes his UFO into Sarahs backyard, it looks like the legend of the Sleepersville 6, six high school kids from the 1980s who witnessed a UFO crash and then one by one mysteriously disappeared, is repeating itself. All John really wants is to become human and his only hope is one of the strange secrets of Sleepersville, but will Sarah, Holly and Blake be able to help their new friend in time Or will the mysterious forces that banished the Sleepersville 6 get to them first This item ships from La Vergne, TN.
